

FIXED MOUNT HOLE PLUG COMPARISON

When selecting Timberlane's Fixed Mount Installation option, the size of the mounting screws required to hang your shutters will vary depending on the material you have selected. As illustrated below, when fixed mounting our Endurian® Shutters, which is a more dense material, the hole plugs will be larger in diameter than our Premium Wood or Fundamentals Shutters.

SMALL HOLE PLUG INSTALLATION

7/16" Hole Plug Diameter

Premium Wood or Fundamentals

LARGE HOLE PLUG INSTALLATION

7/8" Hole Plug Diameter

Endurian®
