

About Timberlane

Timberlane, Inc. renowned for exceptional quality and customization, in a variety of high-quality, high-performance materials, is one of the most well-respected brands in the shutter industry. From its headquarters in Montgomeryville, PA, Timberlane offers extraordinary customization capabilities in wood, aluminum and state-of-the-art maintenance-free materials, through a personal, direct-to-customer experience. Timberlane Shutters are custom built to 1/8" exacting specifications to meet the customer's precise need, including radius tops and cutouts, with complete color-matching options, allowing the fullest custom build and design flexibility for custom builders, architects, designers, historians, homeowners and more. Timberlane Shutters currently hang on the windows of thousands of homes across the United States where quality and attention to detail are of importance. Timberlane, Inc. has served thousands and thousands of customers since its inception in 1995. For more information, visit www.Timberlane.com.
